

VAISAKH MOHAN

+91 85476 16627 · Malappuram, Kerala · vaisakhmohan002@gmail.com · linkedin.com/in/vaisakh-mohan · github.com/VaisakhCodes

PROFESSIONAL SUMMARY

Software Developer with practical experience in designing and developing responsive web applications with HTML5, CSS3 and Python. Knows how to create user-friendly interfaces, role based applications, and backend development using Flask and Django. Proficiency with software development principles, database-driven software applications and version control with Git. Loves to write clean, maintainable code, embrace new technologies in a rapid pace and deliver reliable, user-centric software solutions in collaborative development environments.

TECHNICAL SKILLS

Languages: HTML5, CSS3, Python

Front-End: Responsive Web Design, UI Layout, Bootstrap (familiar)

Design & Prototyping: Figma (wireframing, web and mobile prototypes)

Tools & Practices: Git, GitHub

Back-End (supporting): Django, Flask

PROJECTS

Easy Bus — Role-Based Web Application | *Team of 4*

Sep 2023 – Jan 2024

HTML5 · CSS3 · Python

- Designed and built the Admin dashboard UI, delivering a unified interface for route management, fleet control, user account management, complaints triage, and feedback workflows — all accessible from a single screen.
- Developed role-based front-end views for three distinct user types (Admin, Conductor, Customer), ensuring each role accessed only relevant UI components and data.
- Integrated real-time bus location tracking and live seat reservation into the Conductor and Customer views, giving users live system visibility without manual page refreshes.

Medical Chatbot — Deep Learning Project *Team of 2*

2025

- Built a medical diagnostic chatbot using a Retrieval-Augmented Generation (RAG) architecture, combining FAISS vector search with a quantized MedAlpaca-7B language model (via HuggingFace Transformers and BitsAndBytes) for accurate, context-aware disease query responses.

EDUCATION

Master of Computer Application (MCA) | *Amrita Vishwa Vidyapeetham, Kochi*

2024 – 2026

Bachelor of Computer Application (BCA) | *University of Calicut, Kerala*

2021 – 2024

CERTIFICATIONS & TRAINING

- Complete Figma Course: Web and Mobile Projects from Scratch — Udemy, Jan 2025
- Data Science with Python — Workshop, IIT Hyderabad (TECHMAGHI, ELAN & VISION), 2024
- GitHub for Developers — Amrita Vishwa Vidyapeetham, 2024
- Mininet: Playground for SDN — Amrita Vishwa Vidyapeetham, 2024
